Veninderne Kiki og Heidi har hver sin drøm for tiden når gymnasiet bliver overstået. Fælles for drømmene er at de vil koste en formue at gøre til virkelighed. Kiki får Heidi med på at de skal prøve at tjene hurtige penge. Trods planlægning mislykkes forsøget, det uventede sker, og de to piger drives i hver sin retning og opdager at de vil noget andet end de troede. Samme erfaring gør den midaldrende Bente. Hendes mand bliver alvorligt syg, og den sky Per, der bor til leje hos dem med sin kone, fører hende ind i det fantasiland hvor hans lyster bedst kan udfoldes. Da Bente bliver alene forstår hun hvad hun rummer, og tør handle derefter... To fortællinger om at lære at skelne mellem fristelser og rigtige tilbud. Og om annonceres betydning.
